

“OWNERSHIP” AWARD NOMINATION FORM

Three years ago, at the 1st Cabell Drug Prevention Summit, Tim White challenged community members to take “ownership” of our local drug problem and work toward solutions. CCSAPP would like to recognize those in the community who met that challenge in the past three years and have demonstrated “ownership” by taking extraordinary steps in working toward solutions to the complex and destructive issue of substance abuse in our community.

CCSAPP is accepting nominations in two categories: individuals and groups. We are looking for nominees who have gone above and beyond in their efforts to make a difference and inspire others.

Submit your nomination for the individual and/or group that you believe is most deserving of the 2010 Tim White “You’ve Got to Own It” Award.

Awards will be presented January 21, 2010 at the 4th Annual Drug Prevention Summit.

Nominations are due by January 4, 2010.
